9228 Walnut Grove Road • Cordova, Tennessee 38018**

**Contact BJ Remi: 901-461-3131**

## **Educational Seminar: Principles and Uses of Medicinal Herbs**

**Saturday, July 27<sup>th</sup> from 7pm til 9pm / \$20 per person**

Herbs have been used for healing throughout the history of mankind. Recorded descriptions go as far back as 5,000 years. Since the advent of drugs, herbs have been taking second place however, this does not reduce their effectiveness. In many instances their long term effectiveness, with very little or no side effects, is superior.

Continuous research increases the understanding about their biochemistry as well as expands their formal use in holistic and mainstream medicine. In this lecture we will look at some of the practical applications, indications, and contraindications of selected herbs.

## **Personal Sessions**

**Friday, July 26th through Monday, July 29th**

**By Appointment Only Contact BJ Remi 901-461-3131**

**Session Options: Manual Therapy, Coaching, based on the Edgar Cayce Readings,  
Or a Combination**

**(Sliding scale available on request, if needed.)**

**Dr. Schoeb is returning to share more of his expertise  
and personal session opportunities with our community.**

The scope and body of work he has developed through his years of teaching and working with thousands of people is truly amazing! He shares from a different teaching topic each time he comes.

The topic he has chosen to teach this trip is a look at Medicinal Herbology.

Whether you are an experienced user of herbs, have an herb garden, or believe in their benefits and want to know more about how to use them, this event has something for you.

Watch for details of Dr. Schoeb's February 2014 - Three Day Teaching Workshop and personal Sessions.
